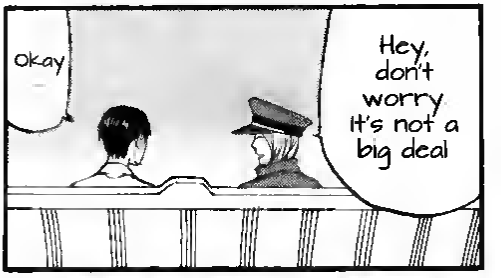
# STEP.18: NO MASTURBATION

This should be a **kanjut: scanlations,** scanlation
**Raws** Sam Body Ahdunnow
**Proof** Ahok the Angry Chink
**The rest** Oppe "Gangnum" Styles

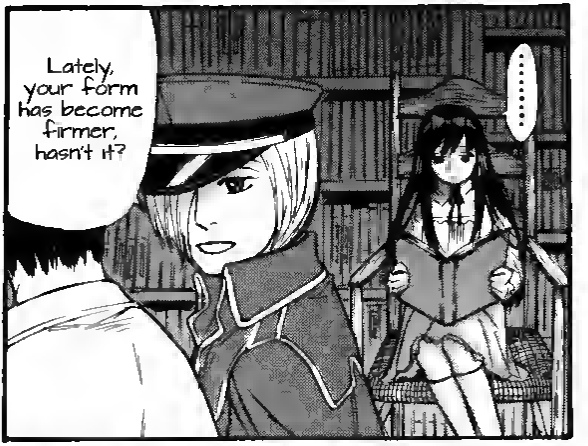
But basically, masturbation is something you do in secret
Having someone else see you doing it is something only experts can do Don't let it happen again, okay?
Yes

Sorry for all the fuss



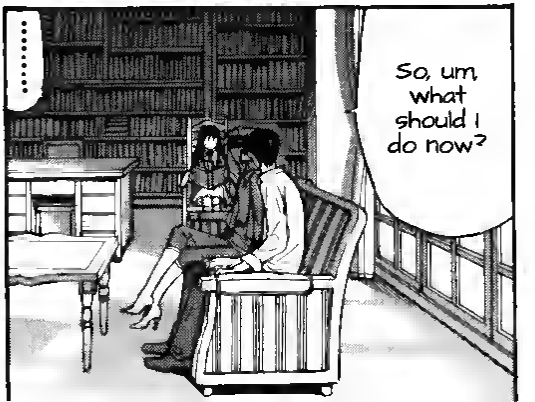
Okay
Hey, don't worry It's not a big deal

Yes I can finally do it with a clear mind



Lately, your form has become firmer, hasn't it?

Now



So, um, what should I do now?

You are prohibited from mastur-bating

Eh?
Kunikida-san was..
masturbating?

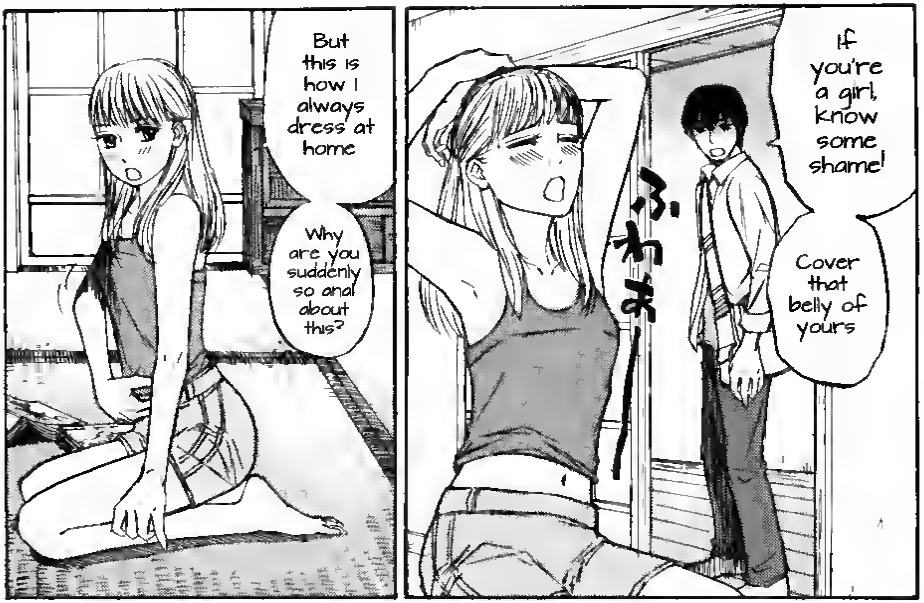
Yeah. I still can't believe it
That goth loli was probably
Is that really true?
He said that he was studying masturbation in that suspicious place I told you about
"Do you not masturbate, Yuka-san?"
Like what?
Hey, um
Can I ask you something weird?
4
?
No, no, never-mind
Forget I said anything
Do what?
Do you... do it, Izumi-san?

# セルフ2

I'm ready now
Yuka-san, what are you going to do about Kunikida-san?
I'm not letting him go
The problem doesn't lie with Youichi.
It's with the woman.
Kunikida-san doesn't seem the type to cheat, though.
I'm ready if something like this happens again
Youichi-kun is popular after all.

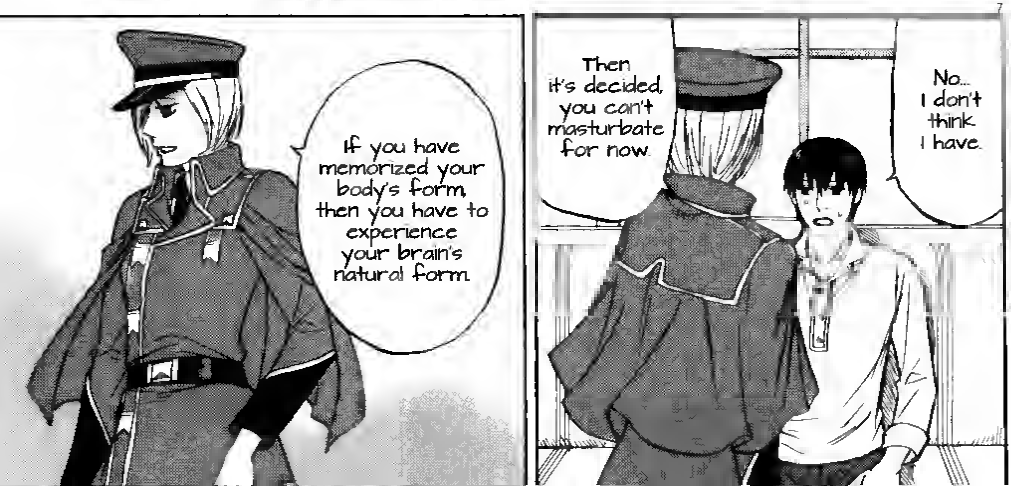
The reason we're together...
is because I stole Youichi away from his previous girlfriend.

I'm LEAGUES better than her in terms of beauty!
I..
I didn't know that
I won't lose
to a creepy goth loll
I'm glad I got to know you, Izumi-san
Because I'll try my best!
Cheer for me, okay?
Nnh ?
Natsu!! What is wrong with you?!

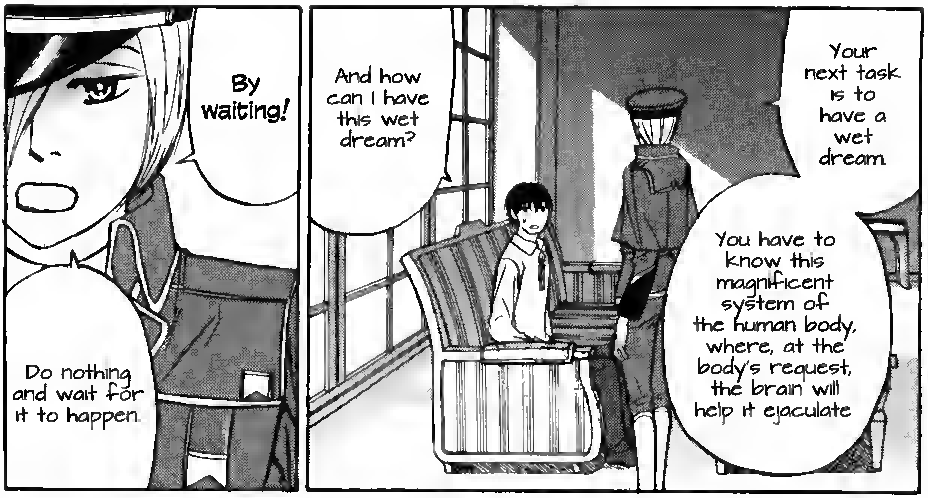


But this is how I always dress at home
Why are you suddenly so anal about this?
If you're a girl, know some shame!
Cover that belly of yours
ふわぁ

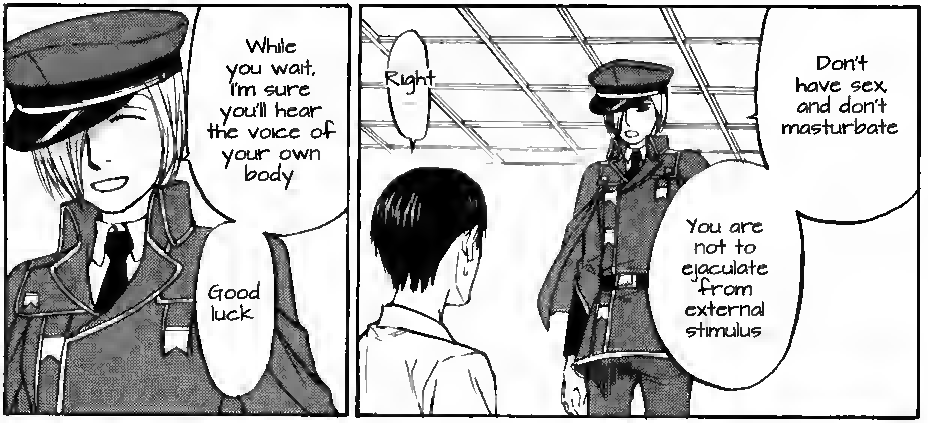
Kunikida-kun, have you ever had a wet dream?
Anal?
No, I'm not anal about anything.



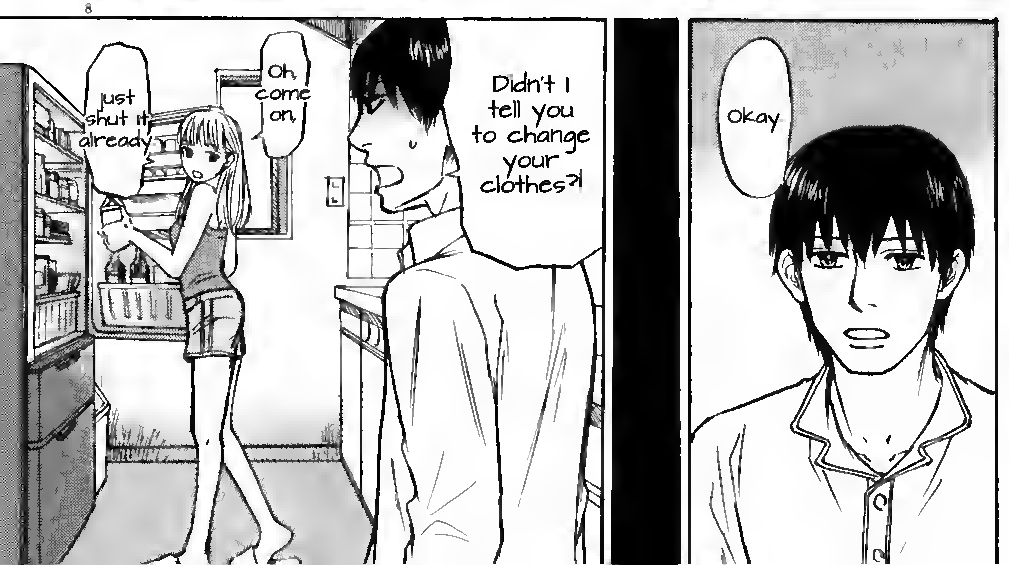
If you have memorized your body's form, then you have to experience your brain's natural form.
Then it's decided, you can't masturbate for now.
No... I don't think I have.



Your next task is to have a wet dream
You have to know this magnificent system of the human body, where, at the body's request, the brain will help it ejaculate
And how can I have this wet dream?
By waiting!
Do nothing and wait for it to happen.

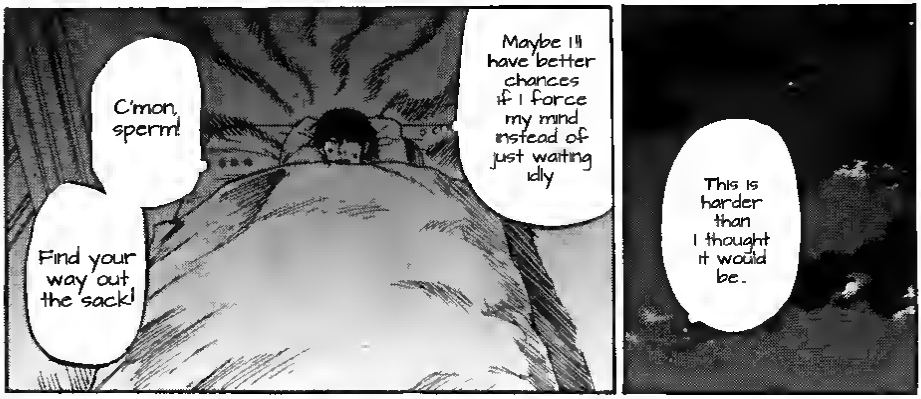


Don't have sex, and don't masturbate
You are not to ejaculate from external stimulus
Right
While you wait, I'm sure you'll hear the voice of your own body
Good luck



Didn't I tell you to change your clothes?!
Oh, come on,
Just shut it already
Okay

SEX!
MAKE UP
If I see her now..
My task will be ruined
No, I didn't
We just can't see each other due to some circum-stances
What, did you have a fight with your girlfriend?
Don't take out your stress on me!



C'mon, sperm!
Find your way out the sack!
Maybe I'll have better chances if I force my mind instead of just waiting idly
This is harder than I thought it would be..

No, no! I can't touch it!
I've got to hold out
Is this progress or regress?
3 days with no sex and I'm all fine, but 3 days without mastur-bation is unexpectedly tough.

In the end, I didn't have it yesterday...
I'll have a wet dream, no matter what...
I wonder how much does my "barrel" can hold?
It's still pouring out?
Guard the faucet!
ふわっ
Ahh

カロン
!

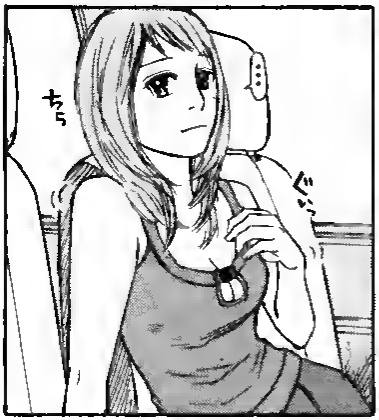
I've gotten really sensitive
Seems like I'll have one soon
No, I'm okay
Ah, I'm sorry Did I step on your feet?
That was close...
ONE WEEK LATER
I missed you, Youichi!
I should have one by next week, and I'll be able to see Yuka without worries

It was.. my bad, too
Haha.. sorry

I'm so sorry about last time I've reflected on my mistake!

"I HAVE A MONSTER INSIDE OF ME."
Natsume-san said,
And there's probably one inside of me too right now

Are you okay?
You don't look so good
Um, I need to calm myself down a bit before we drive...
Why couldn't I have one?



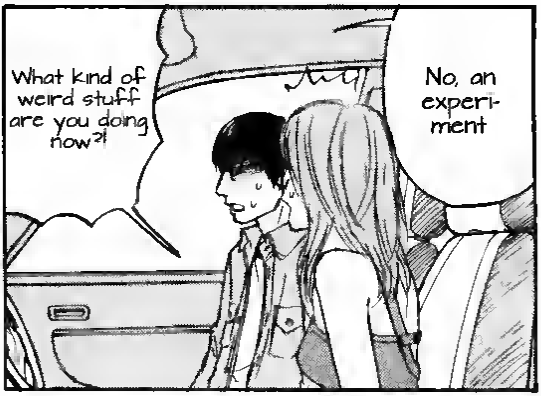
Is this what Natsume-san feels like everyday?
Scary...

Yuka seems to be in a good mood today
I think she'll hear my explanation.

WHY?!
Sorry, but I can't...
Don't you say it's "research" again!

Hey, Youichi.
Can we stay together until morning?

No! We're going to be together all day!
The day after tomorrow
No, tomorrow's fine, just not today.



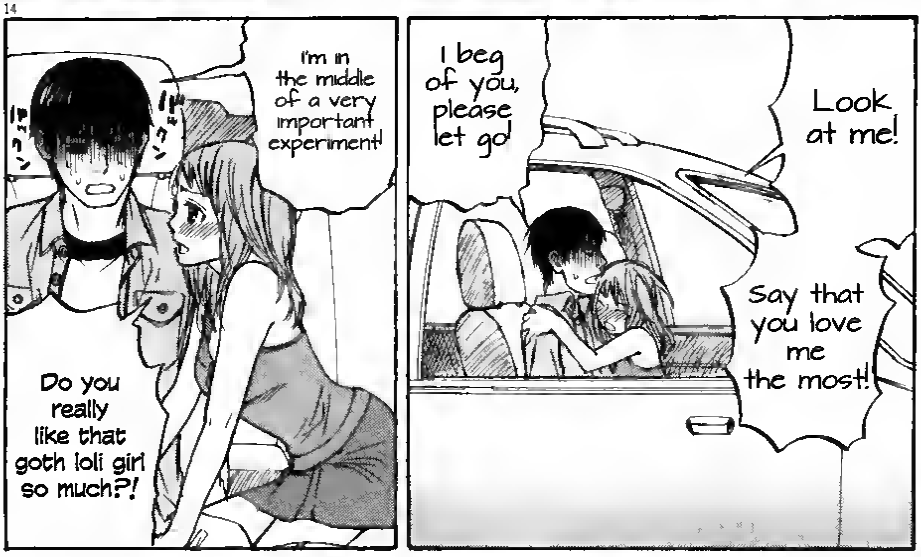
What kind of weird stuff are you doing now?!
No, an experiment

Why aren't you meeting my eyes?!
I...!
If you're like this, I.

I have to convince her that
and have a wet dream sometime soon.

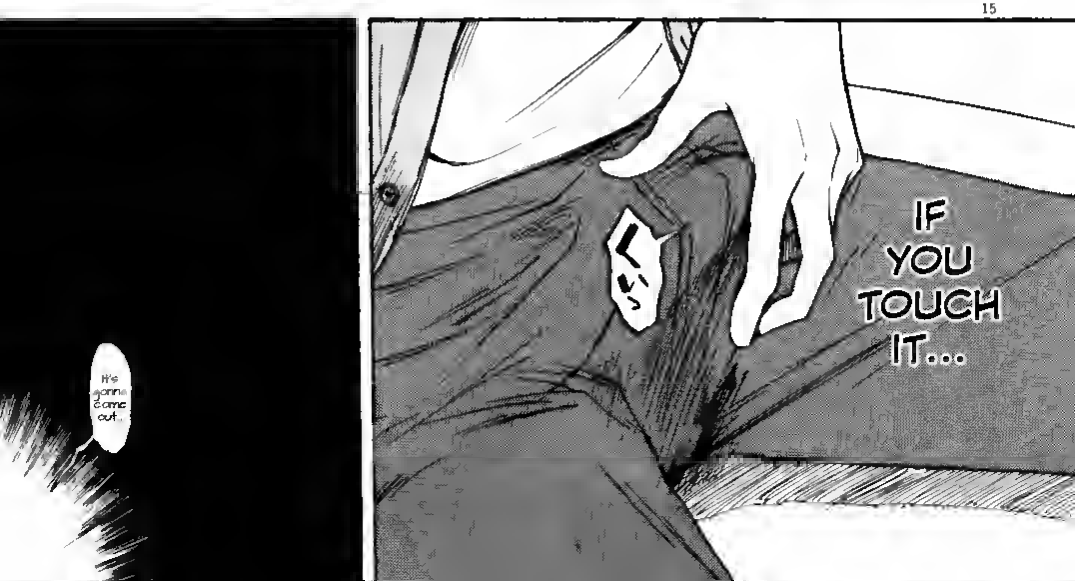
Wah! Yuka, stop it!
I'll force myself on you!
メリメリ

14

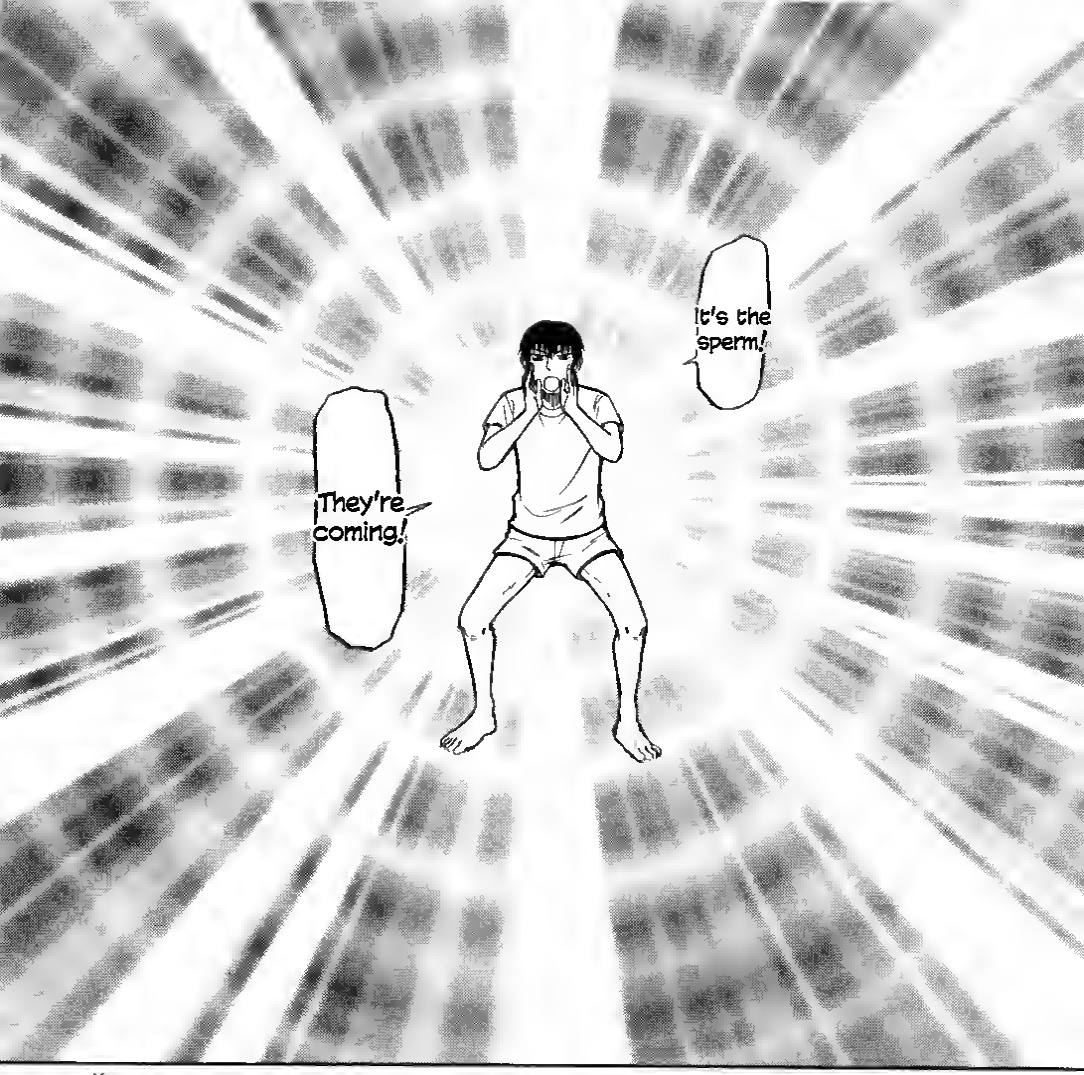


I'm in the middle of a very important experiment!
ビクッ
ビクッ
Do you really like that goth loli girl so much?!
I beg of you, please let go!
Look at me!
Say that you love me the most!

I can't lose here either!
I am NOT going to lose you to her!
Yuka, what are you...?!
I can do it way better than her!
If you touch it...
It's just a bit more...!
I've held out this far



It's gonna come out...
IF YOU TOUCH IT...



It's the sperm!
They're coming!

う…

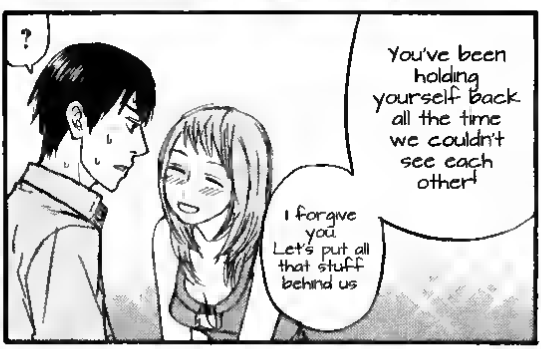
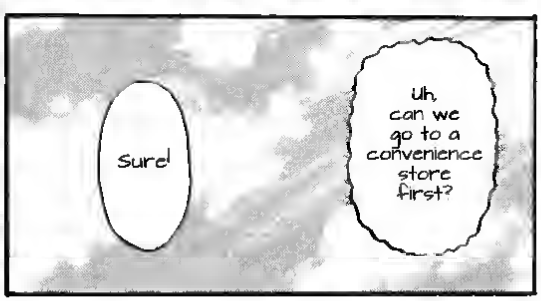
You really do love me so much!
I'm so happy!

18

Now I'm back to the starting point



?
You've been holding yourself back all the time we couldn't see each other!
I forgive you. Let's put all that stuff behind us



Uh, can we go to a convenience store first?
Sure!
